Eye on Granum Newsletter

Willow Creek Gospel Music Jamboree news –

The jamboree committee would like to thank all those who attended their annual fund raising supper on Feb. 25th. Due to the weather our attendance was not as good as last year but we still made enough money to keep our gate price free.

We would especially like to thank the Granum Hutterite Colony and the White Lake Colony for their generous donation of buns. The Granum Colony also donated the potatoes. Also, thanks to the Granum United Church for the coleslaw and The Granum Lutheran Church for the rest of the vegetables. The following churches donated pies; The Claesholm Baptist Church, the Claesholm Pentecostal Church, the Claesholm Victory Church and the Granum Christian Reform Church. Thanks everyone!

The 2006 Jamboree will be held on July 28th, 29th and 30th. The groups are all booked. Returning from last year will be Potter's Clay Quartet and The Tapestry Vocal Band. Returning from a few years ago will be the youthful band called High Valley and a family of performers called The Singing Hills. A local group that will be featured on Friday Night and Saturday afternoon will be the Hues of Bluegrass from Claesholm. Another return group is the Hunter's. Darrel Janz's quartet and a band from Lethbridge know as the Lawson Family Band will be featured Saturday afternoon. Darrel Janz will be returning as MC and Phil Callaway will be returning as the speaker on Sunday morning.

And yes, there will be another youth concert on Saturday night! A local band from Claesholm and Granum know as Ground Zero will open and then High Valley will be featured for the rest of the evening.

The big tent is ordered so please include the Jamboree in your summer plans. Remember this is a BIG little town event right here in our little town.
